Mattawan, Michigan Major Employers

ì

Section 4

Local Employers

Mattawan has a variety of employers including industrial, retail, public service, and other types of job providers. While Census information provides data on employment in the area, most of that data

relates to where residents are employed, whether inside or outside the Village. The major employers within the Village are identified below.

•	Engineered Plastic Components, Inc	615 Employees
•	Mattawan Consolidated Schools	408 Employees
•	MPI Research	650 Employees
•	MOL-SON, Inc	90 Employees
•	Ralph Moyle Trucking	120 Employees
•	DeGussa	50 Employees
•	Johnson Poured Walls	80 Employees
•	Wagoners Hometown Grocery	35 Employees
•	Formula K Manufacturing	53 Employees

Mattawan, Michigan 2003 Community Survey and Statistics

MATTAWAN COMMUNITY SURVEY STATISTICS

SPRING, 2003

COMPILED BY

MARGARET DEMPSEY

For

MATTAWAN VILLAGE COUNCIL

MATTAWAN PLANNING COMMISSION

MATTAWAN BUSINESS ASSOCIATION

Community Opinion Survey

In the spring of 2003, a door-to-door canvas of the village was conducted. During the canvassing process, 465 (48.39%) out of 961 residences completed the survey. The purpose of this opinion survey was to assess village residents' attitudes regarding current issues and future development in Mattawan.

Demographic Information

Scientific sampling methods were not used in this survey. According to the 2000 Census, however, the Village of Mattawan had a population of 2,536. The survey population total was 1,089 or 42.94% of 2000 Census population. The male census population was 1,220 people with the survey totaling 219 or 17.95%. The female census population was 1,316 with the survey totaling 246 or 18.69% of the female population of Mattawan. The 2000 Census showed a total housing of 961 units, with owner occupied housing at 791 and renter occupied housing at 170. The survey shows an over-representation of owner-occupied residents versus the rental-occupied residents.

Survey Overview

The respondents were asked to rate various issues and statements by multiple choice. The responses from which respondents could choose include those running from "Excellent: to "Poor," from "Strongly Agree" to "Strongly Disagree," and from "Very Willing" to "Very Unwilling." Respondents were also allowed to give opinions in their own words in open-ended questions, and were asked to state which issues they felt were the most important.

Analysis of the survey results identifies the percentages of responses for each question. Responses for "Don't Know" and "No Opinion" were included in the calculations.

Commercial

For the issue of needing additional eating facilities 69.67% were in favor. Issue # 34 which asked if the respondents favored commercial development showed 63.23% in favor of commercial development. Thirty-six respondents stated that issue #34 was the most important that should be dealt with in the village.

Development

Promoting growth and development in general were mixed with 43.87% in favor of growth with 38.11% disagreeing and only 17.42% chose to be neutral for issue #32. In issue #55, 67.53% wanted to see the downtown area developed and 32.47% did not want to see any development. Larger individual responses to issue #55 included: 91 responses wanting new little shops/variety shops, 63 wanted more restaurants, 48 responses wanting to replace Su Casa with a quality family restaurant, 20 responses wanted small shopping centers, and 18 responses wanted a Wal-Mart.

Environment

The quality of drinking water showed a positive response combining "Excellent" and "Good" (53.55%) and combining "Fair" and "Poor" (41.94%). The issue of drainage/flood protection also showed a positive response combining "Excellent" and "Good" (62.55%) and combining "Fair" and "Poor" (24.52%). The issue of soil erosion showed an overwhelming 51.61% didn't know of a problem.

Government Functions/Planning/Schools and Library

The majority (67.74%) of respondents were pleased with the new library facilities. Police (80%), ambulance (76.15%), and fire protection (88.39%) were favorably pleased with the government functions. Road maintenance/grading received a positive response of 79.36% and leaf/spring pick-up received a 35.49% favorable response. Forty-nine percent of the respondents however, had no opinion regarding leaf/spring pick-up. In 91 individual responses to issue # 53 however, cleaning up downtown residential and business areas, better enforcement of zoning and building codes were expressed. Another major concern with issue # 53 was 18 respondents felt that the police need to control the drug problem in West Point Subdivision. Speeding was another key problem for the police to address. Two hundred and sixty-one respondents felt there was a speeding problem in Mattawan.

Housing

Most respondents did not want to promote alternate forms of residential development (60.65%). The respondents did favor promoting alternate forms of housing for the elderly with 70.32% in favor. The cost of single-family homes does not worry the residents of Mattawan.

Industrial

Issue #33 showed 80.43% favored industrial development. Another 38.71% favored granting tax abatements for industrial development. However, 53.55% did not want to grant tax abatements and only 7.74% were neutral on this issue

Parks and Recreation

A majority of respondents desired for the Mattawan Festival to continue. Forty-seven percent of the respondents felt there was a need for more public recreational lands while 47.74% stated they were willing to have a tax increase to pay for more parks and recreation. The majority of respondents were not willing to fund a Community Center (due to the Community Center at Antwerp Township). 49.71% of the respondents were willing to fund youth activities and facilities and 49.68% were willing to fund senior activities and facilities.

Transportation

Several questions on the survey dealt with parking, traffic, roads, sidewalks, and other transportation issues relating to mobility and access. Eighty percent of the respondents wanted to see biking trails along roadways in Mattawan. Fifty-seven percent of the respondents wanted to see more sidewalks. Fifty-nine percent of the respondents feel that there is at least some traffic congestion in Mattawan; with 65% wanting to widen the I-94 Bridge. Parking in the downtown business area does not present a problem at this time. Out of 320 responses to give more information about issue #51, Main Street during rush hour traffic had 204 respondents agree.

Conclusion

The survey results seem to suggest that Mattawan residents (86.46%) consider the general quality of life to be good to excellent. The respondents are willing to endorse commercial and industrial development, especially for restaurants and small variety shops, so long as the community can maintain a country/rural atmosphere. Traffic congestion, speeding, and drugs seem to be the key issues to be addressed. Otherwise, Mattawan residents are satisfied with existing conditions, and take pride in their community and their schools.

Mew CEO Named For LakeView

PAWPAW - Rick A. Ament, a healthcare executive with more than 20 years of leadership experience, has been named president and chief executive officer of LakeView Community Hospital, effective Monday, Jan. 31.

Rick's presence enhances the strength of our already very strong management team," said Charles Randall, chairman of the Lake View. Board of Directors. "He is ideally qualified to help Lake View meet the healthcare needs of our community, now and for the years ahead."

Ament, 44, most recently served as chief operating offi-

advanced studies in hospital administration from Ohio State University. He has been a speaker and consultant as well as the recipient of a number of honors and awards.

He replaces Sally Berglin, who will assume her new position as senior vice president at LakeView after six months as interim president and CEO. Her previous title was vice president of patient care services.

"Sally's performance has been superb in every aspect of this difficult and challenging role," Randall said. "The Board of Directors and I owe her a profound debt of gratifude for

FRIDAY NIGHT RESULTS

New Graduation Requirements At Mattawan

By Paul Garrod
MATTAWAN - The Mattawan High School Class of
2008 will be the first group of
students who will have to meet
new graduation requirements
approved last week by the Mattawan School Board.

Under the new change, this year's freshman class will still be required to have 24 total credits to graduate, with a total of 22 credit hours completed with a passing grade.

The new requirements include an additional math and science credit, and an additional one-half credit for classes students can take as electives.

Students will still be required to have four credits of English, and three credits in social studies.

A total of 9.5 credits will be able to be taken as electives.

Also, three credits in math and science will now be required.

In another area, board members received certificates of appreciation from Superintendent James Weeldreyer.

January is School Board Recognition Month.

"We certainly appreciate your efforts," said Weeldreyer to the board members.

But Fennville did not call it a day. They answered the challenge with a 36-26 second-half run that nearly earned them the come-from-behind win.

Senior point man Marc Williams picked up his game and gave Lawrence 21 points, while Kevin Conklin added 12 and Adrian Ledesma, six.

Mattawan, 65; St. Joe, 49

MATTAWAN - The Wildcats' characteristic struggle back from a slow start may be a thing of the past.

At the start of the 2004-05 boys basketball season, this ever-improving Mattawan squad would take its time to get its offense rolling; but last weekend, the Wildcats raced out to an 18-9 first period lead enroute to defeating SMAC rival St. Joe, 65-49.

Mattawan continued to push the scoreboard in their favor during the second period with a 14-10 run, and held a 32-19 advantage at the half.

The Wildcats then slammed the door on St. Joe with a 33-30 run over the final 16 minutes of play.

Junior Kory Wagonmaker led Mattawan with 19 points. Marc Larson added 13, followed by Wilbur Ampey with nine and David Cultra with eight.

Episcopal Bishop Plans Visit to St. Mark's Sunday

PAW PAW - The bishop of the Episcopal Diocese of Western Michigan will make his first official visit to St. Mark's Church in Paw Paw on Sunday, Jan. 30.

The Rt. Rev. Robert Gepert was elected bishop in 2002, replacing Bishop Edward Lee who retired.

The Episcopal Diocese covers 32 counties in the western half of the lower peninsula with 62 congregations.

Bishop Gepert will lead a teaching session at 9 a.m., preside and preach at the 10:30 a.m. Eucharist, greet children and adults at a reception afterwards, and tour the new church facility, currently under construction.

He is scheduled to return Saturday, May 7, at 2 p.m. for the dedication of the new facility.

St. Mark's held its 154th annual meeting Jan. 23, at which time Lynne McGuire and Gerry Stackhouse, both of Paw Paw, and Barry Thompson of Lawton, were elected to the church's governing body, the vestry.

Thompson was also given a special award for Outstanding Service to the Congregation 2004, along with Charles Copeland of Gobles and Kirk and Lois Boeskool of Paw Paw.

Chief Lay Leaders are Sharon House and Barry Thompson; and Phyllis Mandigo, treasurer; and Dawn Brisbane, secretary.

Fr. Joseph Neiman continues as the pastor and the congregation is also served by two ordained deacons, Karen McDonald and Judi Neiman

St. Mary's Marks Catholic School Week

PAW PAW — National Catholic Schools Week begins January 30 and runs through February 5. This year's theme is "Faith in Every Student." To celebrate this occasion, St. Mary School in Paw Paw has planned never al special events to honor all the children of the school and parish.

Catholic schools have been an integral part of the nation since its earliest days. They have proven academic excellence, transmitted values and prepared youngsters to take on the world while holding on to their sense of justice and compassion. Because of this, we celebrate the children and their faith

Throughout the week the students will celebrate their faith with many fun-filled activ-

ities. They will enjoy a puppet show presented by Steven's Puppets, a science program presented by Dr. Hot and Dr. Cold from the science department at Western Michigan University, storytelling from The Story Peddlers, and much more. On Friday the students will be treated to a special "surprise" event that will cap off their week of celebration.

St. Mary's parents and parishioners will also be honored during the week. Sunday, January 30 the school will give thanks to its' parishioners at Mass. On Tuesday, February 1, a Thank You Reception will be held for all parents and school volunteers from 6 to 7 p.m.

The celebration will wrap-up with a winter carnival on Saturday, February 5, 11 a.m. until 3 p.m. in the school gym.

There are two important February dates for Greater Paw Paw Area Chamber of Commerce members.

The first is February I.

That's the cut-off date for pro-

NEWS

from 5 p.m.-7 p.m. Be sure to bring your business card, as the festivities include a drawing for some Chamber Bucks. Chamber Bucks can be used at a wide variety of local businesses.

Plans are under way for the Chamber's Annual Spring Recognition Dinner. Details of the event will be announced later for the May function.

However, it isn't too early to start thinking about nominees for the Citizen(a) of the Year. Additionally, businesses in a variety of categories will be recognized as well. Keep watching this space for additional information. What does the Chamber do for members? Here's an example: A member needed new glasses and went to Hiemstra's, a long-time Chamber member. In the course of the conversation with the examinari, it came up that the customer is a Chamber member. The result: a 20% discount on

the glasses. This is just one example of the many benefits of Chamber membership. If you haven't joined this dynamic group, membership information is readily available by contacting the office.

The Chamber office is located at 804 S. Kalamazoo St. The mailing address is Box 105, Paw Paw, MI 49079; the fax is 655-8755; the e-mail is ppccd. do@bic.bci.com, and the phone number is 657-5395.

FELLOWSHIP CHOIR - An invitation is extended to area singers to join the Fellowship Choir. The choir will begin rehearsals on a contemporary Easter work on Sunday, January 30. Rehearsals are held weekly at 4 p.m. at the Paw Paw First Baptist Church.
